The story behind the trip to Mars

At the beginning of the year, 2019 the Indian Prime Minister Received a sealed cover from the President of the USA. After going through the document PM has verified with the scientists working on sending the next mars orbiter. He asked the orbiter to be sent a year in advance. He also ordered them to prepare a plan for sending a manned mission to Mars.

What are the contents of the sealed communication from the President of America, which has prompted the Prime Minister to speed up the space program? What India has that has an edge on the USA for sending a manned mission to Mars? What China did when someone has leaked the contents of the communication from the President to them.

Does it have anything to do with the Corona Pandemic? Why did China do what it did without considering the fallout of its actions? What prompted them to put hurriedly their plan into action, which led to the global fallout?

To know all the details, you have to read the story TRIP TO MARS.
